vi. School Enrolment Requirements

All scholarships are awarded on the basis that the recipient will maintain an 'enrolled' status in his or her course of study during the scholarship year.

A scholarship recipient undertakes to devote their energy to their studies and to the best of their ability apply themselves to their program of study to the satisfaction of the university, college, vocational institute or trade school providing the program and of IAM.

A scholarship recipient must adhere to the procedures established by their university, college, vocational institute or trade school on how to alter their enrolment status. IAM cannot facilitate this process.

Scholarship recipients who do not have a status of 'enrolled' on the university, college, vocational institute or trade school's student administration system will have their scholarship terminated, unless otherwise permitted by IAM.

To determine compliance with these terms and conditions, IAM will collect information regarding the scholarship recipient's enrolment status in their course of study from the university, college, vocational institute or trade school immediately upon enrolment and upon completion of the course.

(Please write your initials in the box), I, _____ have read, understand and agree to the terms in the preceding paragraph (vi).

vii. Disenrollment (Voluntary & Deferrals)

It is the expectation that all scholarship recipients will complete courses which have been funded by IAM's scholarship program.

Scholarships will only be revoked in exceptional circumstances and for clarity, not for authorized leaves of absence or authorized deferred enrolment in a course. Disenrollment or unwarranted delays in completing courses being funded through a scholarship deprive another student from benefitting from the scholarship.

Scholarship recipients who decide to disenroll must contact the Scholarship Program Coordinator or obtain a 'Course Discontinuation' form. The scholarship will be terminated upon IAM's receipt of the completed form.

Subject to approval by IAM, a course being funded by IAM's scholarship program may be deferred for up to 12 months.

Acceptable reasons for requesting a deferral include, but are not limited to: relapse, familial conflict, death, serious illness and hospitalization. Recipients who find themselves in a situation where they cannot attend school should contact IAM's Scholarship Program Coordinator as soon possible to discuss their individual situation.

In the event that a recipient must defer a course(s) being funded by IAM's scholarship program, IAM may require documentation setting out the reason and may verify or request that the recipient provide verification of the circumstances.

(Please write your initials in the box), I, _____ have read, understand and agree to the terms in the preceding paragraph (vii).

viii. Transfers

The scholarship funds are non-transferable and non-negotiable and no such request will be entertained by IAM.

IAM reserves the sole right to offer a scholarship that is not the scholarship that was applied for but is of the same value to a recipient.

(Please write your initials in the box), I, _____ have read, understand and agree to the terms in the preceding paragraph (viii).

ix. Time frames

The effective date of the scholarship will be the day on which the course commences. The maximum duration of the scholarship is one year, unless a deferral has been granted (see vii.)

(Please write your initials in the box), I, _____ have read, understand and agree to the terms in the preceding paragraph (ix).

xi. Termination

IAM may terminate a recipient's scholarship if s/he has:

- Failed to meet the eligibility criteria and conditions of the scholarship;
- Been suspended or excluded for misconduct by the university, college, vocational institute or trade school in which s/he is enrolled;

All the costs and expenses associated with the receipt of the scholarship will be borne solely by the recipient. IAM will not entertain any claim whatsoever for these costs and expenses.

Recipients are solely responsible for any other expenses related to the acceptance and use of the scholarship.

IAM will not be responsible for any loss or damage suffered by applicants or recipients while applying to and participating in the scholarship program.

IAM, in its absolute discretion reserves the right at any time, without giving any previous notice to applicants and recipients, to add, alter, modify, change or vary all or any of these Terms and Conditions, wholly or in part, or to withdraw the scholarship program.

Applicants who have already been granted a scholarship will not be affected by this cancellation.

If the scholarship recipient fails to contact IAM and accept the scholarship or fails to provide IAM with any required information or documentation within 60 days from the acceptance of the scholarship, IAM reserves the right to revoke the scholarship and award it to another applicant at the Scholarship Selection Committee's discretion.

If your IAM Scholarship Program application is successful, funds will be sent directly to your university, college, vocational institute or trade school. There is no flexibility in this policy.

IAM only issues one scholarship per degree/diploma/certificate.
